Local and Miscellaneous.

Ellicottville, N. Y., Friday, January 23, 1863.

☞ DR. JACKSON.—We refer the afflicted to Dr. JACKSON's new appointments, which will be found in another column.

☞ GOOD FOR A CATTARAUGUS BOY.—We are gratified in being able to state that BENJ. CHAMBERS, son of ALEX. CHAMBERS, Esq., formerly of this village, has been elected Sergeant-At-Arms of the Senate of Minnesota.

☞ DONATION PARTY.—The friends of Rev. W. V. COUCH will make him a Donation Visit at his residence in this village, on the afternoon and evening of Wednesday, the 28th inst. A general attendance is earnestly requested.

By order of Committee.

☞ CAPT. DAN. B. ALLEN, of the 154th Regiment, was in town on Monday and Tuesday last, having returned home on furlough two weeks ago. Capt. A. is looking exceedingly well, although until quite recently he has been a little under the weather. He will return to his regiment on Monday next.

☞ END OF THE WORLD.—Prophecies are again current respecting the approaching end of the world. One reverend gentleman, of the Millerite persuasion, predicts universal dissolution in 1867-8. Another seer names the 17th of August, 1863, as the closing up of the creation, adding that a world's convention will assemble at Cincinnati, to "settle business for the past and arrange matters for the future!"

☞ ALMOST A FIRE.—On Saturday last, the tenants of the Brick Block were suddenly thrown into a state of commotion by the alarm of fire. After considerable alarm and excitement it was evident that one of the chimneys was undergoing a thorough renovating. But for prudence and close attention, a part of our village might now have been in ruins. As it

☞ JEWELERS should read J. A. Salisbury's advertisement in another column.

☞ A. & G. W. RAILROAD.—In another column will be found a revised and corrected Time Table of this Road.

☞ WE publish on the outside of our paper this week the prospectus of the New York *World*, now one of the most able and conservative journals of the nation.

☞ DIPTHERIA.—A lady communicates to the Harrisburgh *Union* the conclusion, resulting from long investigation, that dipthteria is mainly caused by the want of a sufficient quantity of salt in ordinary diet.

☞ AN opportunity which seldom occurs, is now afforded to those desiring a good Watch at a low figure. Read the advertisement of the "Magic Time Observer," of which the Hubbard Bros., of New York, are the sole importers.—The "Magic" is receiving the most flattering commendations of the press.

☞ THE WAR POWER.—One of our State Senators, who is a banker at Havana, Schuyler Co., undertook to rebuke a hard customer who had freely issued shinplasters redeemable at the Havana Bank. "I see, sir, you have got afloat shinplasters payable at our bank; you know you have not a dollar of money there." "That is true, Senator; but I wish to Heaven I had!" "But it is not right, then, to issue those bills." "How can you say so, Senator, when our people need currency so much?" "But you have no legal or moral right to issue them. How can you do it?" "Do it, Senator,—*I do it under the War Power!*"

☞ "HOME, SWEET HOME."—The first thirty-eight regiments from this State will go out of service next May, and the friends of our brave and gallant Cattaraugus boys who are members of the 37th, are anticipating a happy re-union. An aged mother, whose son has faithfully served his country during this period, remarked to the other day that she already began to

MARKET!

CHANGE.—A farm of 75 acres, with good dwelling house and barns, situate in Jefferson County, three miles from the Rome and Watertown Railroad, will be exchanged for a dwelling house and lot in this village, on reasonable terms.—Here is a good chance for a bargain. For further particulars enquire at this office.

☞ Rev. W. V. Couch, pastor of the Presbyterian Church in this village, we understand, on Sunday last, preached a sermon in which liars, gossipers, tattlers, and news-mongers generally, found no mercy. He clearly showed how thoroughly corrupt is made the whole social system of a community by this class of news-mongers and liars, of which every village—our own included—is unfortunately infested.—What a pity the whole band of 'busy-bodies' of both sexes could not have been present, and occupied front seats!

☞ Promotions.—We understand that Capt. Dan. B. Allen, of the 154th regiment, has been promoted to Major. The numerous friends of Capt. A. will rejoice at this. Major, we hope you will "keep on doin' so" until you become a 'Grigudier Brindel!'

We also notice that our brother typo, W. W. Henry, formerly of the Gowanda *Reporter*, and brother of J. T. Henry, of the Olean *Advertiser*, has been promoted from Quartermaster Sergeant to 2d Lieutenant. We congratulate you, "Will," and may your honest looking 'phiz' never grow less.

☞ Appropriations.—At a meeting of the Regents of the University on the 2d day of December, 1862, the following sums of money were appropriated to Academies in this vicinity for the support of departments established therein for the education of Common School Teachers:

Cattaraugus	—Olean Academy	$200
Chautauqua	—Fredonia Academy	200
"	—Ellington Academy	200
"	—Westfield Academy	200

[illegible] in this village on Saturday, the 8th inst., after a brief illness, Jeremy T. Butler, aged 51 years.

We announced Mr. Butler's death last week, but the late hour at which we received it, prevented anything more than a brief announcement of the sad occurrence. We should be recreant to our duty, should we let such an event pass unnoticed. It is but a few short weeks since we announced the death of Mrs. Butler, and immediately following this sad event, their eldest son was brought home from the scenes war, exposure and privation, a corpse. These bereavements brought bitter sorrow to the husband, and [illegible] must be endured, his loss
