My Dear Mother,
Yours of the 5th received, found Joe and I busy I have been off duty since Thursday 6th and have been having a good time cleaning up around home, The first day Thursday, Aunt Han came up staid until yesterday, she and Anna raked the yard all over. Joe and I made a new park with 93 ft. Poultry wire four ft. wide and 15 driven posts. Since then we have been whitewashing the fence Woodhouse & Co and I am as tired as though I had been Railroading but Han enjoyed the change. I shall go to work tomorrow

morning on train #2. at 6.20,

You and I have been
out in the woods for *Fraxinus*
Arbutus. I told you about
it in my last letter, will enclose
a twig, and would like you
to tell me if it does not grow
up the "Koller". I should be glad
if you would send me just a
little slice of *Comfrey* root
in letter when you write again.
I want to try it on my corn.

You has gone to Sunday
school. He wished me to remem-
ber him to Grandma. Aunt
requests me to say that she
has six hens setting and new
to follow. Miss Ackley is very
well, and Han will here,
requested me to remember her
to you. Hoping that you are
quite well again, I am
Yours Affectionately
