My Dear

Grandma:

I send you in the same Mail with this a photograph of myself. While Papa and Mama were in Chicago I of course, went to visit Grandma Akeley while there a photograph man came along with a wagon, he had a lot of advertising matter to distribute, I secured the job and took my pay in pictures I got half doz, and thought maybe you would like to have one. They are not very good but Papa says I must have looked

just this way when they
are taken. They have a
cross look that I don't
often have because I don't
get cross unless something
unusual happens, perhaps
I was tired I don't remember,
I think you will know
who it is.

Very truly yours
for T. Wilson

I send Anna a little gingham
dress in this mail

Anna
if there isn't enough let me know
