

Lydors he carries the Flag Betsy
Lane Glaser George Lane are the sargeants
I think Capt has made a grand selection
in chosen his Comrds John Reed will soon supersede
Fuller I think

This is an nice Country here or has been once
But it looks like a desert almost the Soldiers
have cut most all the Timbers down for fire
wood and to give them range for the artillery
they have got a little gun up here to post
Worth that they drain the Reeds from a part
that is about six miles from here it looks to
me like a big swamp But some of our bogs
was up there and they told them that was so
I am thinking that you will have a good
time if you Read this in a day
I am a getting dairys and want to take an
good old smoke

Gim my love to all the gals

tell Angelina Isaac has got the mards
