

Alexandria N'a.

December 25th/60.

Dear Mother

I will write you a short letter to day and wish you a "Merry Christmas" and tell you when I am and when I am a going. The 94th is all at "Anapalau" doing duty there and I am a going there to march if I can get transportation and I think I can. I left Davis Island the 18th and got here the 22nd we were four days on the water and we had a cold very time going. But it is all over with now and we are a going to have "tip faji" times this winter. I will write again as soon as I get there and tell you all the particulars. Adieu

Flank & Breast
are both here, and will
