

Fort Wood N. Y. March

June 10th 1863

Well Pa. & Ma. & all the rest of you.

I am back again on Hellous Island I
change my head quarters every after some weeks
ago I left here & went to 51st street But I
dont stay in one place but a little while at
a time I dont know when I shall go to where
I have been But quite likely if I am well
enough I shall go to Washington & there
be thouraly examined & if I am fit for
the field I shall be sent there & if not
I shall be put into the 9 milord Corps
they want discharge men I dont think as
long as I am able to do any kind of
light duty. I dont much expect to get to
the regiment again. although I would like
to go well enough if every thing was all right
there as it used to be But I suppose there is
not a spare of the old Co. left by
this time I expect if I had staid at the
Regt I would have been promoted to Capt
