

a little selfish. Darling  
Oh dear I wish I could see  
you to day. I will tell you what  
I would like I would like to have  
you at home this morning so I could  
have you down to Sandys School & then  
after that you wou into the swamp  
as we used to often minkgreen &  
travel around the woods until night  
do you remember the Bed Bugs?

Sat I guess this letter will find  
the fire pretty quick for I dont believe  
you can read it. I declare I am getting  
to be an awfull poor writer I guess  
I shall have to go to school a while  
& learn to write. dont you think I had  
better? the 27<sup>th</sup> Regt is here now  
down at the Park Barracks & expect  
I shall get a pass to morrow & go  
& see them I suppose they are feeling  
baffy to think this time is out &  
they are going home I know I should  
if my time was out. I suppose you girls  
are all waiting anxious for them I do  
really pity the poor fellows for the  
girls will allmost eat them up. Want they  
But I am afraid the girls will get sick after  
the soldiers after a while for

Yours very truly  
John Ward Boys among them I am a friend

Dearest Sarah

I was very very glad indeed  
to receive your letter last night  
I am sure yours letters rec'd as gladly  
received as they can be. perhaps  
more so than mine are. But Sarah  
you must excuse me for not giving  
you my address it was a mistake  
which I am very liable to make  
it was very late in the evening when  
I ~~wrote~~ finished the letter & thought I would  
wait until morning & then write a  
little more & give you my address  
But the Bay came around very early  
in the morning & I gave him the letter  
not thinking but what it was all done  
But accidents will happen to the best  
of folks. Late I am really surprised  
to hear that Mary Ward told you

sneak an ever lasting great lie  
I always knew she would lie  
a little But I didn't think even  
she could tell such infernal great stories  
as that I never mentioned such a  
thing to her. dont you see what  
she is at? She seems to make you  
~~the world really like to know~~<sup>that you have got my letters</sup>  
say ~~you~~ I cant believe that Maty was  
sure that ring. if she did she picked  
my pocket~~s~~ when I was a sleep  
no one knew any thing about it  
but matrass we some now when  
I got it. but he didn't know what  
I was going to do with it. & I made  
him promise that he never would  
tell that that I had got such a thing  
of course he mistrusted what I was  
going to do with it. But Maty is  
only Surprised I guess I don't believe  
she ever saw it ~~it~~. But I never could  
have any thing but what she could  
find it out soon may she is for  
ever watching me I don't believe &  
ever done a mean trick as a good man  
and but she would find it out

I don't think Trase should  
tell her for he made no  
such a good promise. But  
if she has seen it what does it amount  
to there is nothing criminal about it  
is ~~this~~ I like it very first rate as  
well as in any Hospital we have gas  
times here, it is much more comfortable  
here than it could possibly be at  
the Regt. But for all that I had rather  
be there than here if I was able to  
do my part when I got there, as you  
say I am not exposed to the dangers  
here that I should be in the field  
but you know a Soldier must expose  
peace & safety while in the service  
I should hate to have it said of me if  
I had been in the service 3 years & then  
come home all sound that I had  
spent the most of my time in the  
Hospital that wouldn't sound good would  
it? or that I had Seccotted as pretended  
to be sick to get rid of a Battle  
as a great many has that I know of  
then you are thankfull that I was not  
in the last Battle are you? and you
