

Carnier Hospital 103
Washington D.C. Oct. 12th

Dear Mother

I will write you
a few lines this evening to let
you know of my whereabouts & locate
the gas orders last Friday night
to draw eight days rations & get
ready to march & all of the
sick & those that were not able
to walk & carry their load, were
ordered to go to the Division
Hospital. That was back near
Cullpepper. So I got a load of
the ambulance this morning of the
9th & went to Division Hospital
we got there just at night
& had gone to bed & was sleep^{ing}

good & sound when we
came for us to pick up & go to
Cullpeper & take the cars for
Washington. We took the cars
about 10 o'clock & got here about
9 o'clock last evening. I am
not very sick though I am not
very well. This is a first rate
Hospital & they take good care of
the sick. I think I shall be
all right in a week as ~~two~~
Geost French is here & I have
had a good long shot with him
to day. I am in Ward 20 & he
is in 27 so we have a good view
one to see each other often.
Geost says "hank" Kelley is
only a least 40 rods from here
at an other Hospital but
we have to get a pass to go
thru & I have not had a chance
a yet to get a pass to go

& see him. you may
think because I have been
sent to the Hospital that I am
very sick. But I am not I am
not very sick for a least a week
ok & I feel a way all to nothing
I pass as pass as Pat's all out
But I have gained up a little
they feed us first rate here
& my appetite is good so I
will recruit up again in
a week or two so I will be
be better than ever.

Well there is nothing
more to write this time as
I can think of so I will
close for it is a least bed
time. write soon if

I don't write
1 year
before you
write for
I may not
stay here
So long as
that }
