Dear Callipper &c  
Sept. 17<sup>th</sup> 68

Dear Brothers

We have left  
our camp at the Raffahawas  
and are on the main again  
We started yesterday morning  
and came to where we are  
now about two miles from  
Callipper I suppose we do  
now again to day as tomorrow  
we shant stay here long. But  
if the Bahab Army is  
a marching and I think it is  
then near a good many traps  
on this road yesterday.

Old "Kill" Caudy is our  
boy and last halfer he is a

shamering a song at the  
Revs. or seas last night  
we could hear cananading  
very plain last night, I guess  
the old fellow will kick up  
a fuss with the "Fahngs"  
and we shall have to go  
over there to settle it for  
him. I am sick and stand  
the marching first rate litters  
then I thought I could  
But it was a rather of a terrible  
same gal after all to shalldy  
a knapsack and fastidiously  
along through the dust  
I guess it will soon be mud  
for it looks as though it  
was going to be wet now  
for a day or two.

I am anxious to get  
a litter train home so  
sooner than many as often

lost litter I got near Madal  
the 5<sup>th</sup> & I got it the 8<sup>th</sup> it  
dant take a litter but a little  
while to come I don't see why  
it need be so long ~~that~~  
Upon I can get a litter from  
any of you I write 4 letters when  
I get one. (all most)  
I sent a litter to Mat  
the other day with 10 dol  
in it I want to know if  
you have ever got that  
& I sent 100 by express  
I suppose you have got  
that by this time  
I guess I will send the  
receipt that I got home  
in this litter for fear I might  
lose it I have no place  
to keep my things such a thing  
with me. But this receipt is  
good for settling if you have
