Monday night

Sarah

I will try and finish
this scrap of a letter now if
I can. We had a very hard
rain storm here last night the
river is very high this morning
the weather has been very warm
here for the past three or four
days. but it is much more pleasant
since the rain. Sat. I would have
been very glad if I could have your
likeness. But if it is a going to make
any disturbance or cause you any
trouble I don't want you to send
it. I know you would be willing
for me to have it if I could
get it with out any trouble.
Sat. write to me as soon as
you get this (if convenient) and
tell me all the news for it gives

me great pleasure to get a letter
from you. But if "they" are so much
opposed to your writing to me, I
^{perhaps it will not be convenient for you to write}
shall be ~~extremely~~ happy to receive
your letters when ever it will be
convenient for you to write & I
will be glad to write as often as
you think it proper for me to
write & not give "them" any
cause for to blame you

Well I must close now for it is getting
dark Write soon & oblige yours
true & affectionate Add.

O what a happy thought it is
To know I have her heart
Although I am so far from her
Our souls can never part.
