LOCAL AND NATIONAL

AD. NEW GOODS!—Read CHARLIE Mc
CARTHY'S new advertisement in to-day's paper
and go and invest your money profitably.

AD. GODFREY'S LADY'S BOOK.—We have
received the June number of this Excelsior
Magazine. It is as beautiful as the month
for which it is intended, and is replete with
Fashion Plates, Engravings, &c.

AD. OIL IN THIS COUNTY.—We under
stand that a New York Company are sinking
two-wells in the Town of Freedom, in this
County, and they seem confident of procuring
oil, not only in large quantities, but of a very
superior quality.

AD. GOOD PLUCK.—A Meadville man
advertises his wife as having left his bed and
board, and gives notice to all persons not to
labor her on his account, and adds by way of
emphasis—"This is the sixteenth time she has
served me the same way."

AD. FOUND.—We have found out who
that much talked of individual, the "oldest
inhabitant" is. An elderly chap, speaking of
his knowledge of the western country, the
other day, said that he had "known the Mis
sissippi river ever since it was a small creek!"
He's the man.

AD. THE LADY'S FRIEND FOR JUNE.—We
have received the June number of this hand
some monthly. It opens with a fine steel en
graving of "The Young Bride." This is fol
lowed by a handsome colored Fashion Plate,
double the size of those usually given by the
two dollar magazines.

AD. The Detroit Advertiser gives the
intelligence of an elopement near that city.—
A man named Reynolds, of Dunkirk, N. Y.,
aged 30 years, ran off from a town near De
troit with a farmer's girl aged 16. The father
met the pair at Detroit, but not until after
they had been married.

AD. A TALKING CROW.—The Cuba True
Journal says that Mr. F. G. Vincent, of North
Carolina, has in his possession a tame crow which
is extremely talkative. It talks with all the vivacity
of a parrot, and, if anything, speaks with
distinctness than a Hollie can. He has
paid twenty-five dollars for it.

AD. AT HOME.—We learn that Surge
John W. Ayer, of the 15th Regt. New
York, is now with his family in Franklinville,
having obtained a furlough on account of ill
health. We sincerely hope that home-care
and quieting all of this beautiful young
man will soon make him entirely well.

AD. RECOVERING.—We are glad to be
able to announce to all, that Dr. H. S. Smith, Esq.,
author of the editor of this paper, is recovering
from a long and dangerous illness, and will
soon be with us again at his accustomed post.
He will be answering news to his many friends
in the County, and especially in the

paper. The DURHAM will be corrected on our fourth page.

AD. A partial list of the casualties in
the 6th Regiment and 9th N. Y. Cavalry
may be found in the excellent letter of our
Washington correspondent.

AD. We learn that Col. P. H. Jones, of
the 15th New York, was slightly injured during
one of the recent battles by being knocked
from his horse by those "flying Dutchmen"
belonging to a Pennsylvania Regiment which
always run when they smell the smoke of battle.

AD. FLAX MILL.—We are informed that
a mill for breaking and dressing flax, and preparing
it for the loom, is soon to be erected in
this Town. This will afford our farmers a
ready market for this valuable staple, and encourage
them to devote more time and land to its culture.

AD. We issue our paper one day earlier
than usual in order to give all hands an opportunity
to go to the Circus! It is so seldom that we see anything here more laughable
than the periodical railroad excitements to which we are subject, that we are bound to
"wade in" to see every show that comes along!

AD. LICENSES.—It will be seen by reference
to the list of licenses published elsewhere, that but two hotel and no grocery li
censes have been granted in this village. This, we presume, hardly answers the expectations of
those who petitioned the Board against the
sale of liquor in this Town, for, as nearly as
we can learn, the general opinion is that if
one or two are licensed, the whole should be.

AD. HINTS FOR THE SICK ROOM.—It is
always necessary, in going into the room of a
sick person, particularly if the invalid is a
nervous woman, to put on a sober, anxious
face, expressive of great doubt and anxiety.—
If you will add to this a few well-timed sug
gestions that the symptoms are precisely like
those of Mrs. So-and-so, who died in spite of
the best of medical skill, you will probably
help the patient materially on her journey to
the land of shadows, and hasten a job for the
undertaker!

AD. At a meeting of the Board of Ex
ecutive Commissioners of the County of Cattara
gus, held at the Court House in Ellicott
ville, commencing on the 17th day of May,
1864, licenses were granted and issued to the
following named persons, to wit:
