

Local and Miscellaneous.

Ellicottville, N. Y., Friday, January 23, 1863.

DR. JACKSON.—We refer the afflicted to Dr. JACKSON's new appointments, which will be found in another column.

GOOD FOR A CATTARAUGUS BOY.—We are gratified in being able to state that BENJ. CHAMBERS, SON OF ALEX. CHAMBERS, Esq., formerly of this village, has been elected Sergeant-At-Arms of the Senate of Minnesota.

DONATION PARTY.—The friends of Rev. W. V. COUCH will make him a Donation Visit at his residence in this village, on the afternoon and evening of Wednesday, the 28th inst. A general attendance is earnestly requested.

By order of Committee.

CAPT. DAN B. ALLEN, of the 154th Regiment, was in town on Monday and Tuesday last, having returned home on furlough two weeks ago. Capt. A. is looking exceedingly well, although until quite recently he has been a little under the weather. He will return to his regiment on Monday next.

PROPHECIES FROM THE WORLD.—Prophecies are again current respecting the approaching end of the world. One reverend gentleman, of the Millett's persuasion, predicts universal dissolution in 1867-8. Another seer names the 17th of August, 1863, as the closing up of the creation, adding that a world's convention will assemble at Union Hall, to settle business for the past and arrange matters for the future.

AT MOSTER'S FIRE.—On Saturday last, the chimneys of the Brick-Block were suddenly thrown into a state of commotion by the alarm of fire. After considerable alarm and excitement it was evident that one of the chimneys was undergoing a thorough renovating. But for prompt and close attention, a part of our village might now have been in ruins. As it

JEWELERS should read J. A. Salisbury's advertisement in another column.

A. & G. W. RAILROAD.—In another column will be found a revised and corrected Time Table of this Road.

We publish on the outside of our paper this week the prospectus of the New York *World*, now one of the most able and conservative journals of the nation.

DIPHTHERIA.—A lady communicates to the Harrisburgh *Union* the conclusion, resulting from long investigation, that diphtheria is mainly caused by the want of a sufficient quantity of salt in ordinary diet.

An opportunity which seldom occurs, is now afforded to those desiring a good Watch at a low figure. Read the advertisement of the "Magic Time Observer," of which the Hubbard Bros., of New York, are the sole importers. The "Magic" is receiving the most flattering commendations of the press.

THE WAR POWER.—One of our State Senators, who is a banker at Havana, Schuyler Co., undertook to rebuke a hard customer who had freely issued shipplasters redeemable at the Havana Bank. "I see, sir, you have got about shipplasters payable at our bank; you know you have not a dollar of mouey there." "That is true, Senator, but I wish to Heaven I had!" "But it is not right, then, to issue those bills." "How can you say so, Senator, when our people need currency so much?" "But you have no legal or moral right to issue them. How can you do it?" "Do it, Senator.—I do it under the War Power!"

HOME, SWEET HOME.—The first thirty-eight regiments from this State will go out of service next May, and the friends of our brave and gallant Cattaraugus boys who are members of the 37th, are anticipating a happy reunion. An aged mother, whose son has faithfully served his country during this period, remarked to the other day that she already began to

MARKET!

CHANGE.—A farm of 75 acres, with good dwel-
 ling house and barns, situate in Jefferson Coun-
 ty, three miles from the Rome and Watertown
 Railroad, will be exchanged for a dwelling house
 and lot in this village, on reasonable terms.—
 Here is a good chance for a bargain. For further
 particulars enquire at this office.

Rev. W. V. Couch, pastor of the Pres-
 byterian Church in this village, we understand,
 on Sunday last, preached a sermon in which
 liars, gossipers, tattlers, and news-mongers gener-
 ally, found no mercy. He clearly showed how
 thoroughly corrupt is made the whole social
 system of a community by this class of news-
 mongers and liars, of which every village—our
 own included—is unfortunately infested.—
 What a pity the whole band of 'haisy-bodies'
 of both sexes could not have been present, and
 occupied front seats!

PROMOTIONS.—We understand that Capt.
 DAN. B. ALLEN, of the 15th regiment, has
 been promoted to Major. The numerous friends
 of Capt. A. will rejoice at this. Major, we
 hope you will "keep on doin' so" until you be-
 come a "Brigadier Brindel!"

We also notice that our brother typo, W. W.
 HENRY, formerly of the *Gowanda Reporter*, and
 brother of J. T. HENRY, of the *Olean Advertiser*,
 has been promoted from Quartermaster Ser-
 geant to 2d Lieutenant. We congratulate you,
 "Wras", and may your honest looking "gills" never
 grow less.

APPROPRIATIONS.—At a meeting of the
 Regents of the University on the 2d day of
 December, 1862, the following sums of money
 were appropriated to Academies in this vicini-
 ty for the support of departments established
 therein for the education of Common School
 Teachers:

... this village on Saturday, the 6th inst.,
 after a brief illness, GEORGE T. BENTLEY, aged 52 years.
 We announced, Mr. Bentley's death last
 week, but the note that at which we received
 it, prevented anything more than a brief an-
 nouncement of the sad occurrence. We should
 be reluctant to our duty, should we let such an
 event pass unnoticed. It is but a few short
 weeks ago we announced the death of Mrs.
 Bentley, and immediately following this sad
 event, their eldest son was brought home from
 the scenes war, exposure and privation, a corpse.
 These two events brought bitter sorrow to the
 husband and parents, but he endured his loss

as far as we have been able to learn. We presume it is not complete:

The Miasma and Foul Vapors generated by the
 sun will be far more deadly to our Volunteers than the
 enemy's bayonets. In the Indian and Crimean Campaigns
 HOLLOWAY'S PILLS were used in enormous quantities.
 They kept the Troops in perfect health. Only 25 ce
