

LIBERTY AND UNION FOREVER

OUR BANNER,

AN ACROSTIC.

HAREWOOD HOSPITAL.

Hold to the breeze our Banner high,
And let it float as clearest sky,
Reflecting rays, that Heaven sheds,
Encircling o'er true Patriot heads.
While systems move in space afar,
OUR FLAG SHALL BLAZE—A FREEDOM STAR;
O'er Earth and Seas its light be shed,
Divine impressions wide to spread;

How men may claim an equal worth
Of Rights and Freedom from their birth;
Serve only God, and *never* know
Proud Tyrant's pressure on their brow.
In Sun and Storm— in Peace and War,
That Sacred Sheet'll protective soar,
Above our homes and Father's Graves,
Located e'en to Pacific Waves.
