AGED WAR VETERAN PASSES AWAY.

The funeral of Joseph Cullen was held Sunday afternoon, Nov. 6, 1921, from the home of his daughter, Mrs. Edith Wood. The service was conducted by Rev. H. S. Kissinger of Buffalo, assisted by Rev. Regal of Salamanca. The esteem in which Mr. Cullen was held, was held was shown by the large number of friends and neighbors who gathered to pay their last tribute of respect at that time.

Six members of the G. A. R. Fuller Post of Little Valley conducted their service, led by Commander C. P. Rice. Two members, Chas. Fields, of Little Valley and J. Foster of Bradford, Pa., having been tent mates of Mr. Cullen, during the Civil War of 1861-65 were present at this service. The body was borne to its last resting place by young comrades from the American Legion of this place. Music was furnished by a mixed quartette from the United Brethern Church of Salamanca, N. Y.

Joseph Cullen was born May 16th, 1838 in the town of Upton, Nottingham Shire, England. At the age of thirteen, he with his father and family emigrated to America. They first settled in the town of

Ogden, Monroe County, this state. In the year 1856 they removed to the town of Little Valley.

He was a veteran of the Civil War enlisting in Company B, 154th Regt. N. Y. V., serving nearly three years. He also served time in Rebel Prison. After coming home, he was married to Miss Lucretia Field. To them were born six children, three dying in infancy, three arriving at womanhood and manhood. They are Mrs. Wm. Moffat, Salamanca; Mrs. Dewitt Wood, Little Valley; Mr. Eugene Cullen, Little Valley. He held many positions of responsibility and trust both in church and the community where he lived, all of which he filled acceptably to those in authority.

XMAS SEAL SALE CAMPAIGN.

In an interview with Miss Lilla C. Wheeler of Portville, Chairman of the Christmas Seal Sale Campaign in Cattaraugus County, the following facts were given:—Is the public aware that there are today in the United States one million active cases of tuberculosis? And a million more inactive cases? That every three and a half minutes some life goes out, death being caused by this disease? These are the figures carefully prepared by the National Tuberculosis Association. From the National Association twelve hundred State and County Associations have been formed, and their work has brought the annual death rate from one hundred and fifty thousand down to one hundred and thirty-two thousand.

The Tuberculosis Committee of the State Charities Aid Association is the agent of the cam-

county to be purchased by the recipient of the letter.

The Christmas Seals and Health Bonds are the chief weapons in the fight against tuberculosis. Let us each do our part in the battle.
