who have devoted many years to the profes-  
sion, will be among the chief advantages of  
the Institute.  
While the Institute is the source of much  
knowledge that can be had in no other way,  
it serves to elevate the calling in the estima-  
tion of the public, and enables teachers, by  
the combination of their exertions, and the  
increased influence that arises from the pow-  
er of association to command a more ade-  
quate remuneration, and a greater degree  
of respect.

The friends of Captain Fay, of Co. E,  
154th N. Y. V. Regiment, have received a  
letter from him, stating that he was at Rich-  
mond in Libby Prison. He also states that  
Lieut. Isaac Jenkins, of the same Company,  
and taken prisoner with him, was taken with  
fever on the 15th of July and died on the  
29th, in Libby Prison. The rebels had al-  
lowed Mr Fay to take charge of the effects  
of Lt. Jenkins, to keep for his friends.

which we publish this week, will be found  
worthy of an attentive perusal

We notice in the *Springfield News*, that  
Henry I. Nichols, son of Laurel Nichols  
Esq., of this town, was killed at the siege of  
Port Hudson while commanding a rebel bat-  
tery. He had for some years been a resi-  
dent of the Southern States, and is said to  
have been forced into the rebel service at  
New Orleans.

Secretary Howard and several of the For-  
eign Ministers, passed through Westfield in  
their tour through the State, on Wednesday  
afternoon last. They made no stop, but  
left at once for Jamestown, and staid there  
from there on to New
