Mark Dunkelman
7 Arnold Street
Providence, RI 02906

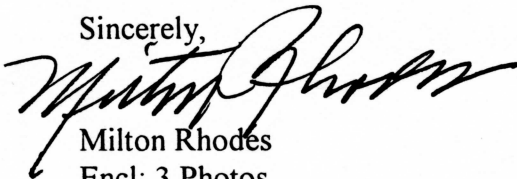

Dear Mr. Dunkelman:

I have made copies of the photos which we have of John N. Porter, a relative of my wife, who died in prison during the Civil War. These are digital scans, printed on glossy photographic paper. John, who wrote to you, is our son and he has been working with his mother and me to preserve the family history.

I have also included John. N. Porter's military record that was obtained from the government archives. One entry refers to Andersonville but I doubt that he was there because the timing is off.

Incidentally I was born and grew up in Fall River, MA so I am well acquainted with the Providence area.

Sincerely,

Milton Rhodes
